

## Datasheet for: 3PTS05454

### Product Type: 3P+N Isolating Delta Star

5kva 3P Delta Star 415v to 380v Hardwired

|                    |                                                         |
|--------------------|---------------------------------------------------------|
| VA                 | 5000                                                    |
| Input Voltage      | 415                                                     |
| Input Termination  | 3 way screw terminals                                   |
| Input Current      | 6.96                                                    |
| amps               | 7.61                                                    |
| Output Voltage     | 380                                                     |
| Output Notes       | Line to Line 380v Line to neutral 220vac                |
| Output Termination | 3 way screw terminals                                   |
| Product Case       | P6 Industrial floor/wall mounting case IP23             |
| Dimension          | Ht:454 L: 384 W:305 (mm)                                |
| Weight             | 42kg                                                    |
| Product Type       | Isolating transformer Conforms to EN61558-2-6 CE & RoHS |
| Regulation         | 5.5%                                                    |

**Commodity code:** 851539130
